Title: Politics of Latin America : the power game / Harry E. Vanden, Gary Prevost.

Description: Seventh edition. | New York : Oxford University Press, 2021. | Includes bibliographical
references and index. | Summary: "Politics of Latin America: The Power Game, Seventh Edition
explores both the evolution and the current state of the political scene in Latin America.

This text demonstrates a nuanced sensitivity to the use and abuse of power and the importance
of social conditions, gender, race, globalization, and political economy throughout Latin America.
Unique in the market, the text is divided into two parts—thematic chapters in the beginning of
the text explore big picture issues and themes in the region; country by country chapters in
the second half of the text provide in-depth discussions of those issues and themes, country by
country. The thematic chapters outline the region's geographic setting, history, economics,
society, gender, race, and religion, setting the stage for a more detailed analysis of the politics,
democratization, political culture, political movements, and revolution in Latin America.

The second part of the book consists of carefully constructed case studies of ten representative
Latin American nations: Guatemala, Mexico, Cuba, Brazil, Argentina, Chile, Venezuela, Colombia,
Nicaragua, and Bolivia. Each case study traces the historical and political development of key actors
and institutions, analyzing contemporary power configurations"—Provided by publisher.
