Dear,

The Digital Library of Electoral Justice (Brazil) is an institutional tool that has among its purposes collecting, storing, preserving and disseminating digital documents on contents related to elections and electoral and party matters, with the priority of respect of the copyright legislation, thus becoming a large specialized open access repository in these subjects.

We have identified in the book “**Journalism, 'Fake News' & Disinformation**” (https://en.unesco.org/sites/default/files/journalism_fake_news_disinformation_print_friendly_0_0.pdf) material of great interest for dissemination in that digital library. Therefore, **we would like to consult this Institution about the possibility of authorizing the disclosure of the publication in the library in reference.**

The Digital Library of Electoral Justice is available at <http://bibliotecadigital.tse.jus.br/xmlui/>.

If you agree to the disclosure, we kindly ask you to fill out the attached authorization form. The fill of the term is essential, because from the answers related to the inquiries of the form, a license will be established that will be expressed in the records of the items in the digital library and will guide users about the possibility of using the publication. More information about the creative commons license can be found at <https://br.creativecommons.org/licencas/> and <https://creativecommons.org/choose/?lang=pt>.

We put ourselves at your disposal for further information and reiterate the importance of the material for the discussion of issues about the Electoral Justice.
