Chapter 21: From Democracy to Kakistocracy.....	504
The Final Warning – Before We Cross the Threshold	526
Final Note - Before the Silence.....	528
Epilogue: Reclaiming Freedom: A Final Stand for Us All	532
Disclaimer	536

DEMOCRACY WAS NEVER INHERITED.

***It was borrowed — from the past, the present, and the future.
But now, the world is in default.***

***The Last Year of Democracy isn't just a book.
It's an autopsy, a reckoning, and a survival manual
for anyone still willing to resist.***

***Every chapter marks a descent:
From vibrant civic participation to voter apathy.
From public protection to mass state surveillance.
From open debate to digital rage and manipulated truths.
From democracy to authoritarianism and kakistocracy.***

***With sweeping insight and haunting precision, Syllabus Onajobi traces
how democracy doesn't collapse overnight — but
how its ideals erode brazenly while citizens look away.***

***This is the story of how freedom fades.
And how patriotic citizens, like you, might still turn the tide
— if awake, aware, and unafraid.***

***This isn't just a book.
It's a mirror, a warning, and perhaps
our last chance to save democracy.***

About the Author

Born into the rhythms of everyday life in a world running on paradox, Syllabus Onajobi didn't set out to write the obituary of democracy—but he couldn't ignore the sound of its gasping breath. He writes from lived experience on the frontlines of democracy—not as a politician, an ivory-tower academic, or a distant observer, but as a citizen: concerned, awake, and unwilling to stay silent.

Motivated by a profound belief that democracy is essential, not optional, *The Last Year of Democracy* is his imperative contribution to the global discourse on the crisis devastating democratic systems everywhere. With the clarity of a whistleblower and the burden of civic responsibility, Syllabus doesn't just analyze the collapse—he dares readers to confront it, question it, and redress it.

From streets where voices go unheard, to ballot boxes where hope dims, to headlines where truth is twisted, his voice carries the urgency of someone who's seen too much to pretend otherwise. *The Last Year of Democracy* is more than a book—it's a warning, a mirror, and a torch. Syllabus exposes not just how democracies die, but how we sleep or cheer through their funerals. Because the greatest threat to democracy isn't a tyrant—it's a tired citizen. And the time to act is now—before today becomes the beginning of democracy's final chapter.
