Dear,

The Digital Library of Electoral Justice (Brazil) is an institutional tool that has among its purposes collecting, storing, preserving and disseminating digital documents on contents related to elections and electoral and party matters, with the priority of respect of the copyright legislation, thus becoming a large specialized open access repository in these subjects.

We have identified in the articles described below material of great interest for dissemination in that digital library. Therefore, we would like to consult the authors about the possibility of authorizing the disclosure of the publications in the library in reference.

- Online Voting System via Smartphone
